Equity, Inclusion, and Diversity

A safe space intended to establish procedures to ensure the work of WSCC is done with these values at the forefront. The goal is to identify family leaders of marginalized communities and invite them to join us so we can include their voices in our work. This committee will also identify experts on this topic who can partner with us to provide training for the Community Connectors.

Meets 2nd Mondays 6pm-8pm

Social Marketing and Communications

A safe space intended to work together to strengthen our social marketing and communication within the statewide community. The goal is to identify gaps in areas we may be lacking and continue to strengthen the areas we are currently active with. This committee will also ensure we are utilizing the latest social media platforms and engaging with the children's behavioral health community in relevant and diverse ways.

Meets 3rd Mondays 6:30pm-8:30pm

Advocacy Leadership and Training

A safe space intended to identify experts in advocacy who can partner with us to provide training for the Community Connectors. This committee will create and keep current a list of organizations doing a variety of advocacy work, including in education, legislative, and diversity to share as resources for Community Connectors who may be interested in joining advocacy work. This committee will also ensure this list is included as a page on the WSCC website.

Meets 2nd Tuesdays 10am-12Noon

Board of Directors Capacity and Advisory

A safe space intended to build capacity within the WSCC Board, to include diversity and representation from different regions around the state. This committee will advise the Board on ways to strengthen and support WSCC to ensure a stable and impactful organization that continues to grow and bring positive change to the state for years to come.

Meets 3rd Thursdays 6pm-8pm
